PARAGON FURNITURE

CYCLE® SERIES MOBILE STORAGE CART

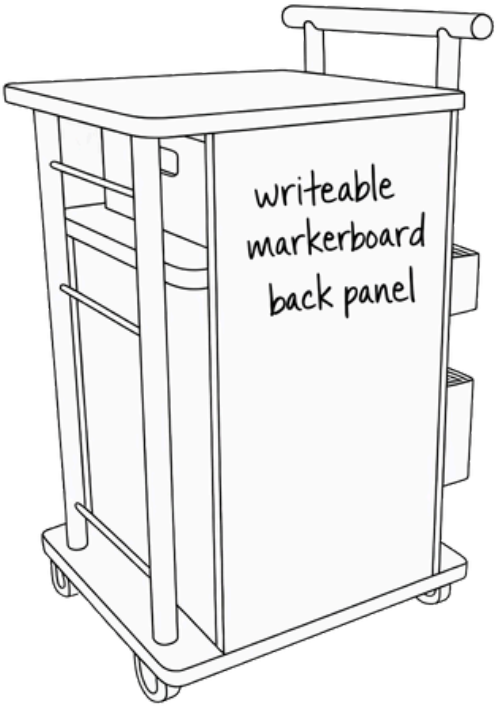
The Cycle™ Series Mobile Storage Cart blends modern design with practical functionality for today's active learning spaces. Featuring a locking cabinet for secure storage and an integrated handle for easy mobility, this versatile cart keeps supplies organized and accessible. Smooth-rolling casters allow effortless movement throughout the classroom, while durable construction ensures lasting performance. With its clean lines and thoughtful design, the Cycle™ Series Mobile Storage Cart delivers flexibility, security, and style to any learning environment.

CYCLE® SERIES MOBILE STORAGE CART

HOW TO SPECIFY

FRAME
The frame is constructed from 1½” 16-gauge round steel tubing combined with ⅜” solid round steel rod. Features fully welded side panels for maximum strength and durability.

SHELVES/EDGE
Shelves are constructed with a 1″ high-density fiberboard core and a premium high-pressure laminate work surface. Each top features a precision machine-applied edge band for a seamless, long-lasting finish. The underside is sealed with a weather-resistant phenolic resin paper for added protection and stability.



BACK PANEL
3/4″ thick double-sided high-density fiberboard core finished with high-pressure markerboard laminate.

STORAGE CABINET
3/4″ thick locking cabinet constructed with a high-density fiberboard core and a durable thermally fused melamine (TFM) finish. Each cabinet features precision machine-applied edge banding for long-lasting durability.

CASTERS
Equipped with (4) 3½″ hubless, all-locking casters for smooth mobility and secure stability.

PET BINS
Cycle™ Series storage bins and caddies are constructed from PET material, providing durable performance with a strong focus on sustainability. The PET material is 100% recyclable and contains a high percentage of recycled content, including post-consumer material derived from recycled plastic bottles. Storage bins and caddies are available in five color options, allowing for organized functionality and cohesive classroom design.
