

CYCLE™ SERIES TEACHER DESKS

The Cycle™ Series Teacher Desk delivers modern design, thoughtful functionality, and the flexibility educators need in today's learning environments. Built with integrated cable management, PET acoustic modesty panels, convenient pencil storage, and glides and casters that provide up to ½" of floor leveling for stability on uneven surfaces, it keeps workspaces organized and clutter-free. With its clean lines and durable construction, the Cycle™ Series Teacher Desk offers a professional, efficient hub for instruction in the 21st-century classroom.

Research-Driven Design	Dynamic & Adaptable	Sustainable Materials	KD Shipping	Built to Last
A unique design informed by research showing that the shape, size, color, and texture of furnishings play an important role in priming students to learn more effectively.	Designed for reliability and easy reconfiguration, supporting flexible classroom layouts and evolving instructional needs.	Made from recycled PET, the privacy panel reduces environmental impact while supporting healthier learning spaces.	Shipped knocked down, it's easier to transport, store and assemble.	Quality materials and construction, manufactured to the same high standards Paragon is known for and backed by our industry-leading limited warranty.

CYCLE™ SERIES TEACHER DESK

INTEGRATED POWER & STORAGE

The worksurface includes integrated USB and USB-C charging ports for convenient device charging, along with an integrated pencil and cable tray to keep small items and cords organized.

CABLE MANAGEMENT

Integrated cable management, welded to the modesty panel, keeps cords organized and out of sight beneath the desk. A 6' power cord is included, with ½" velcro straps that secure the cord along the desk legs to maintain a clean and organized workspace.

PET PRIVACY MODESTY PANEL

Cycle™ Teacher Desk privacy panels feature an integrated 16-gauge magnetic system for quick, tool-free installation, allowing easy adjustment for left- or right-side placement. Constructed from PET acoustical material, they support sound control while being 100% recyclable and made with recycled plastic content. Available in five color options, these panels offer both functional performance and seamless classroom coordination.
