

CYCLE™ SERIES MOBILE CART

The Cycle™ Series Mobile Cart offers smart storage and easy mobility for today's active learning environments. Designed for effortless organization, this versatile cart keeps supplies, books, and materials neatly arranged and within reach. A built-in handle and smooth-rolling casters make it simple to move from space to space, supporting flexible classroom layouts and collaborative learning. With its clean design, durable construction, and everyday functionality, the Cycle™ Series Mobile Shelf Cart is built to move with you.

HOW TO SPECIFY

FRAME

Frame constructed from 1½" 16-gauge round steel tubing combined with ¾" solid round steel rod. Features fully welded side panels for maximum strength and durability.

SURFACE/EDGE

Constructed with a 1" high-density fiberboard core and a premium high-pressure laminate surface. Each top features a precision machine-applied edge band for a seamless, long-lasting finish, while the underside is sealed with a weather-resistant phenolic resin paper for added protection and stability.

CASTERS

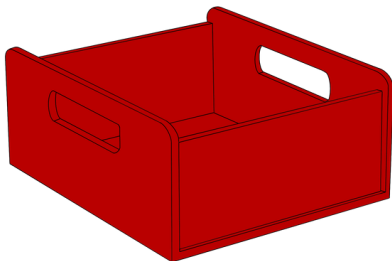

Equipped with (4) 3 1/2" hubless, all-locking casters for smooth mobility and secure stability.

PET BINS

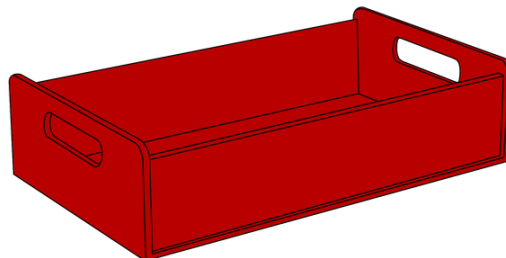

Cycle™ Series storage bins and caddies are constructed from PET material, offering durable performance with a strong focus on sustainability. The PET material is 100% recyclable and contains a high percentage of recycled content, including post-consumer material derived from recycled plastic bottles. Storage bins and caddies are available in five color options, allowing for organized functionality and cohesive classroom design.

OPTIONAL STORAGE BIN ACCESSORIES
