

**PARAGON CLEAN™  
CLEAR CLAMP-ON DESK DIVIDER**

**24" H x 22" W (Single Back Panel)**

**24" H x 22" W (Side Panels)**

**MODEL # CLNDIVCR-2724-A13  
MODEL # CLNDIVC3S-242724-A13**

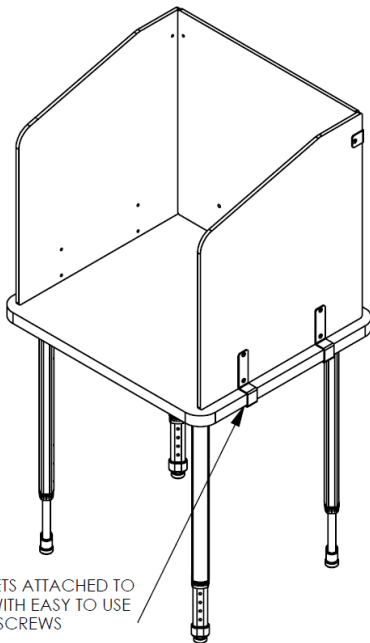

Desk top, semi-permanent partitions featuring 6mm thick colorless Acrylite® non-hazardous vertical writing surface. Product applications include classroom, media center, maker space, and any other place students and teachers gather. Partition may serve dual purpose of providing surface to ideate, problem-solve and present, as well as, create semi-permanent physical barrier between users while not eliminating visual contact between users. (2) 18 gauge steel brackets per panel attaches to predrilled acrylic and the underside of work surface with hand tighten tension screw. Designed for end users trying to support safe social distancing while maintaining feel and function of an open learning environment. No loss of desk/table utility if and when semi-permanent single partition is removed.

**SPECIFICATIONS**

**UNIQUE CHARACTERISTICS**

The Paragon CLEAN™ Clamp-On 1 Panel or 3 Sided Divider Set offers an easy-on/easy-off writable vertical panel for hands-on learning, brainstorming and presentation. Semi-permanent dividers easily affix to three sides of standard size desk work surface (\*custom sizes may be available upon request). (2) steel brackets per divider insert through predrilled holes in acrylic and hand tighten tension bolt fastens to underside of work surface. Standard colorless Acrylite® provides remarkably clear visibility between students and instructors while creating an impermanent physical barrier to help impede the transmission of germs. Clean™ dividers also encourage users to comply with safe, social distancing measures. Double-sided colorless acrylic dry erase finish provides a large writing surface for handwritten expression and naturally redistributes sound frequencies offering potentially quiet spaces for independent or small group activities.
