

PARAGON CLEAN™

## CLEAR FLEX WRAP POLY DESK DIVIDER

Desk top, semi-permanent partition featuring 3mm thick colorless polycarbonate non-hazardous vertical writing surface. Product applications include classroom, media center, maker space, and any other place students and teachers gather. Partition may serve dual purpose of providing surface to ideate, problem-solve and present, as well as, create semi-permanent physical barrier between users while not eliminating visual contact between users. (6) 18 gauge steel C brackets per single flex panel attaches to predrilled material and the underside of work surface with finger tighten tension button top bolt. Designed for end users trying to support safe social distancing while maintaining feel and function of an open learning environment. No loss of desk/table utility if and when semi-permanent single partition is removed.

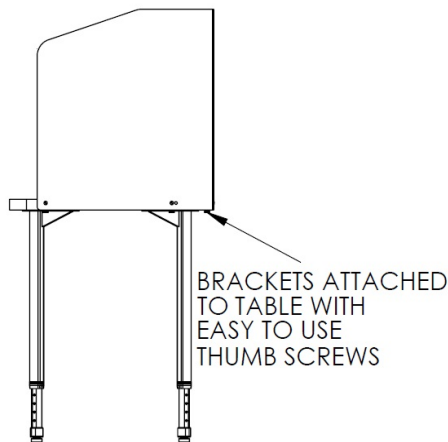

22" H x 27" W x 6" D  
22" H x 27" W x 21" D  
22" H x 33" W

### SPECIFICATIONS

- **Frame / Base Info**
  - (6) 18 gauge steel C brackets per single flex panel attaches to predrilled material and the underside of work surface with finger tighten tension button top bolt
- **Surface Info**
  - Material: Colorless Polycarbonate non-hazardous vertical writing surface/wellness partition
  - Thickness: 3mm thick
  - Edging: Self-edge non-sharp
- **Shapes**
  - (1) flex wrap panel 27" wide x 22" high x 21" deep rectangle with 15 degree tapered back-to-front drop
  - (1) flex wrap panel 27" wide x 22" high x 6" deep rectangle with 15 degree tapered back-to-front drop
  - (1) flex wrap panel heated and shaped to mirror top contours of Koi
- **Certifications**
  - Acrylic copolymer panel material is classified as non-hazardous under OSHA regulations
  - Fire retardant qualifications: No flashpoint. Auto ignition level greater than 752 Fahrenheit

Rear Flexible Divider

(Shown on Full 3-Side Flex Wrap)

22" H x 27" W x 6" (Side Depth Partial)  
22" H x 27" W x 21" (Side Depth Full)  
22" H x 33" W (Koi)

### UNIQUE CHARACTERISTICS

The Paragon CLEAN™ Polycarbonate Flex Wrap offers a semi-permanent writable vertical panel for hands-on learning, brainstorming and presentation. Divider easily affixes to back side of standard size desk work surface (\*custom sizes may be available upon request). (6) total steel C brackets per panel insert through predrilled holes in polycarbonate and finger tighten tension button head bolt fastens to underside of work surface. Standard colorless 3mm polycarbonate provides remarkably clear visibility between students and instructors while creating a flexible, impermanent physical barrier to help impede the transmission of germs. Clean™ dividers also encourage users to comply with safe, social distancing measures. Double-sided colorless acrylic dry erase finish provides a large writing surface for handwritten expression and naturally redistributes sound frequencies offering potentially quiet spaces for independent or small group activities.
