

INFORMATION COMMONS SHELVING

Information Commons or IC Shelving is a highly flexible, customizable, & durable shelving solution. Each run of shelves begins with a "Starter" and is followed by "Adder" units. Each section requires Side Panels to be ordered separately & the panels are available in several different materials - HPL, Metal, & Acrylic.

STRUCTURE

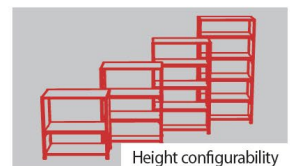

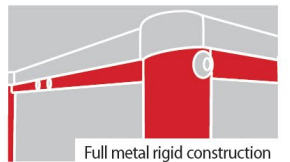

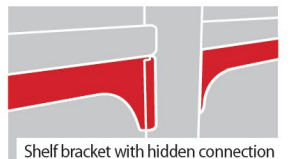

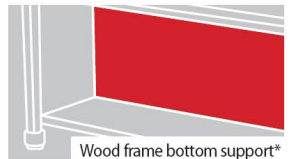

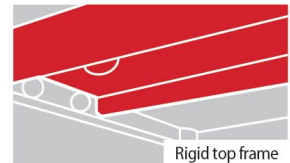

Unique 16-gauge Intuitive 4-post design with hidden cantilever shelving offers clean lines and superior structural strength. Unitized frame structure supports 3/4" shelving with smart-install single shelf design for single-faced units. Integrated wire management in base of unit allows for future addition of technology and lighting options. Shelf supports for divider accessory are built into adjustable shelves allowing for attractive top shelf display area. Decorative side panels add a finished touch.

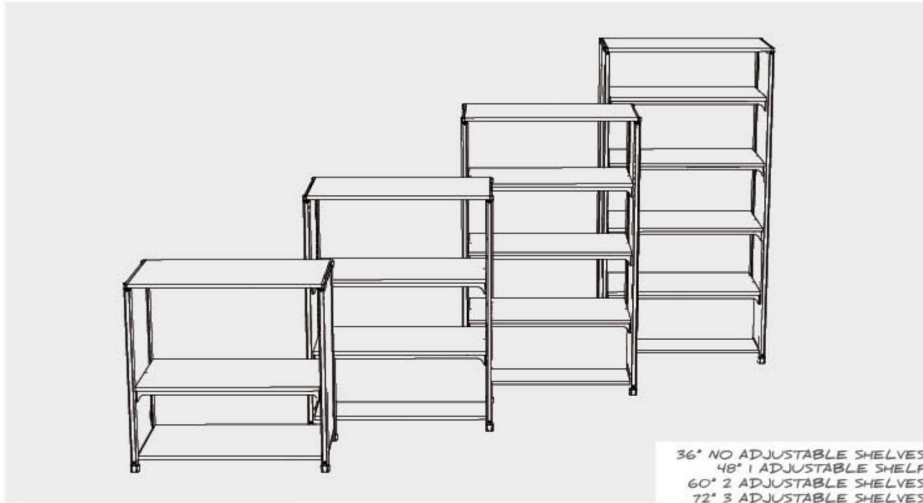

STYLES

Available in Single-Face & Double-Face style with multiple add-ons and options for each.

COLOR OPTIONS

Titanium steel with your choice of standard library laminate colors for shelving. Decorative side panels available in complementary colors. Refer to the Paragon Color Guide for complete list of colors.
