CONFIGURING A MODEL NUMBER

Information Commons® (IC) is configured using a starter/adder concept. When configuring a shelving run, first select a Starter Model number. Extend the shelving run by adding additional Adder Models. Side Panels are sold separately, and should be added to any Starter/Adder order. Starter Models require two Side Panels to be ordered, Adder Models require one Side Panel to be order. Lastly, select accessories like tables and benches to achieve the ultimate experience for your library. In this example, we used part **ICD60**. The structure of this new part number can be broken up with parenthesis like this:
